

Insulating tape

- High quality PC insulating tape
- Insulating wires and cables
- Protecting from electrolytic corrosion
- Good viscosity

Electrical insulation tapes are made of high quality PVC. They are perfect for insulating wires and cables and protecting them from electrolytic corrosion. Tapes are made of non-flammable material and feature very good viscosity. They can be used to identify and seal cables and wires.

Technical information

- Material
PVC
- Non-flammable, self-extinguishing according to BS3924
- Size
20m x 19mm
