

# PWT wrap around label

- Self-laminating labels for marking of wires, cables, and hoses
- Designed for printing on MK10 thermal transfer printers
- Matte finish material with permanent acrylic adhesive
- Excellent resistance to alcohols

## BENEFITS

PWT is self-laminating and printable wrap around label. It is primarily designed for marking if wires, cables and hoses. It's highly durable, made from UL approved MT310 polyester. It can be used both indoors and outdoors. The print area is protected by the transparent part when it is wrapped around the cable.

The labels are printed on MK10 thermal transfer printers and designed in the Promark Creator software.

## TECHNICAL INFORMATION

### Material

UL approved MT310 transparent polyester with matte surface.

### Adhesive type

Permanent acrylic

### Delivey unit

Roll, three tracks of labels, core diameter 38 mm.

### Temperature range

Service temperature: -40°C to +150°C

Minimum application: +10°C

Storage stability: Two years stored at +21°C and 50% relative humidity (RH).

### Resistance properties

UL code PGGU2.

UV resistant

Excellent resistance to isopropyl alcohol, oil and water.

### Colours

Standard: Yellow, white.

### Printing

Printable in recommended standard MK10 thermal transfer printers. Use Promark Creator software for design and production management.
