## STORAGE BOX

- Robust steel plate storage box for ParTex compactdiscs.
- Detachable upper tray for cable accessories.
- Flexible carrying handle.
- Holes for different suspension arrangements.
- An excellent accessory which simplifies marking work.

### GENERAL INFO

#### Design

Square box with lid and detachable internal tray section with five small and one large compartment. The box is intended for compactdiscs, whilst end sleeves, cable ties, installation tools etc. can be stored in the internal tray section. The lid is fitted with hinges and a collapsible handle. It is closed with an eccentric lock. There is a round hole on the sides of the box and a »keyhole« on its back, both of which can be used for suspending the box, for example during installation work. The box is empty when delivered.

### FACTS

#### Holds

25 PA02 reels, 21 PA1 reels, 14 PA2 reels or 11 PK2 reels. Combination PA02 and PA1, 11 reels of each.

#### Material

Powder-lacquered steel plate.

#### Weight

Empty box 1.8 kg.

#### Colour

White
