

INFORMATION

- + Flame Retardant
- + Low Smoke
- + Zero Halogen
- + Self Extinguishing
- + UV Stable
- + London Underground Approved
- + Print Quality to Mil. Spec. Standards

SPECIFICATIONS

Temperature range

-40°C to +105°C - 175°C (short periods)

Material

zero halogen, low toxicity, radiation crosslinked UV stabilised polyolefin sheet using OSNH grade material.

Print

thermal transfer

Print performance

Adherence: NF F 16-101

Fluid Resistance: NF F 16-1-1

Resistance

self-extinguishing to UL94-VOUL94-V0

Standard colours

yellow and white

Certified and issued to:

BS 4G198, Part 3, Type 15

DEF STAN 59-97, Type 8

LUL 1-085

BS6853 Cat. 1a

LUL 2-01001-002 (E104-2A6)
